CAFÉ COUNTER

The products are designed in Sweden and produced in Turkey, Lithuania, China and India. The Pasteries are mainly produced in plush with 100% polyester fibre filling. They are all CE-marked and washable in 30°C handwash. The Cinnamon roll carpet is made of 100% cotton and requires dry cleaning. The table counter, cake plate and ice cream rack are all made of PET plastic, which make them more softer, durable and tougher than acrylic. They are all produced in Sweden.
